Dear Business owner,

Everything that we do is for our clients happiness

It gives us an immense happiness to introduce you to our company, GD Smartway Solution Ltd (Registration No. 08973960), a company incorporated under the laws of England & Wales having its registered office address The Officers' Mess Business Centre, Royston Road, Duxford, Cambridge, CB22 4QH. We at GD Smartway Solution Ltd are on a Mission to help small and medium size business to have an online presence by which they become visible to their target audience and execute their business idea to real world, by creating the website, web applications and mobile application, which creates exponential business growth & execution of their idea at a reasonable cost, so that they can stay ahead of the competition. I am Gabilakanth Rajendran, the director of GD Smartway Solution Ltd as well as the Software Engineer of the company. We have been developing several software since 2014, not only website based development, but also started develop small range of software related to windows based development and also cater for large and small size business looking for internet presence for the first time or to update the existing software solution.

GD Smartway Solution Ltd is keen in providing professional web solutions like web hosting, website Designing, web application development. We are pioneers in Web solutions since last four years now, based at Cambride United Kingdom. We also provide redesigning of website and addition of more features like designing logos, designing banners as well. GD Smartway Solution Ltd provides its clients with hassle free advice, services and solutions for their websites. As a software engineer I am fully involved in developing, supply and maintenance of website and software for medium to large size businesses. Currently we are the team of three staffs with strong customer focus. We assist small, medium and large companies in building their professional web presence.

The main focus of our company is on the website related and software services, offering the following as our services:

- Design and development
- Marketing and analysis
- Hosting and maintenance
- Redesigning the existing websites
- Designing logo and banners.
- Blog creation, development and management
- Content writing for websites, blogs and articles
- Software and website education seminars through social media
- Internet marketing through social media
- E-commerce development
- Search Engine Optimisation

We have more details regarding our services in our website www.gdsmartway.co.uk, for you to view and that will give you more idea about our services and our developed software. We are also looking forward to meet you in person to discuss about the possibility of having specific software for your esteemed business. We will be in touch again to set up a meeting, at whatever time that is convenient for you if you wish to have.

We are so eager and expecting the possibility to work with you in future.
